

Automobile Wire

High Tension

Construction

Product Description

- 1. Resistant to heat, oil, abrasion and cold
- 2. Excellent flexibility
- 3. Stranded Tinned copper conductor (also can choose carbon conductor)

Application:

Sult for the ignition system of automobile

Part No.	Conductor Diameter	Overall Diameter	Conductor Resistance	Dielectric Strength
	No./mm		mm	
DFF3000	7/0.45	7.0±0.3	0.0175	KV/0.15min 20

Insulation Combination

The choose of wire type depend customer necessity.

Insulation	Jacket
PVC	PVC
PVC	TPR
TPR	TPR
EPDM	EPDM
EPDM	SILICONE
SILICONE	SILICONE
